Dear Parents and Guardians,

We have created a plan to improve our Parent Pick-Up procedures for dismissal and would like to thank all the parents who were in attendance at the meeting last Thursday. We are so thankful that we had the opportunity to discuss how to better our school to serve your needs. Please carefully read the following changes below, as we hope to implement this beginning September 2nd.

The buses, walkers, and student drivers will all be dismissed as usual. The only improvement is that we will now have a **Parent Pick-Up Car Line**. Parents will be asked to enter the Gymnasium entrance (by the railroad tracks) and drive North around the school and stop in front of the closed gate. This gate will be opened at 3:05, in which you may pull forward in front of the elementary doors. Two teachers will stand in front of the school calling for the student(s) who belong to the first three cars. This will continue as teachers will escort students to their vehicles and help load them if need be. You will be asked to exit out down **Washington Street**.

If you would like to be able to come in to talk to the office then you will need to come in from the **Locust Street** entrance before 3:05 when the gate opens. If it is after 3:05, still use the Locust Street entrance, but wait until the Parent Pick-Up line is through. This usually is

around 3:15pm. This will ensure that teachers are finished with dismissal duties and may be available to talk.

If you have a middle/high school student who is not dismissed until 3:12, then we recommend entering the line a bit later, or we may ask you to pull in and park, until your middle/high school student is up front.

We will also be giving each parent 3 Exeter School tags to be placed on your rear view mirror or in view, so that we can ensure you are allowed to pick up this student or have given someone else permission to do so. We ask that you give the extra two tags to anyone else that might possibly be picking up your child this year.

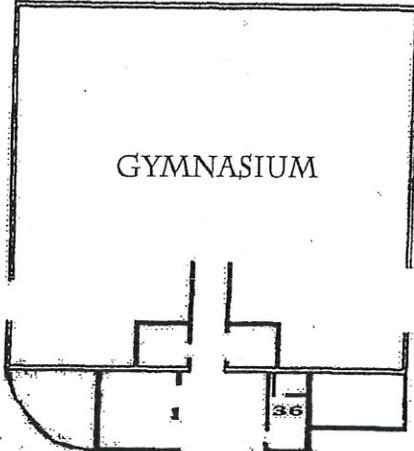

If we do not recognize you as a parent, we may ask to see your ID. This is so that we can check the ID with the people that each parent listed to pick up their child. This is not to be a hassle, but rather as a safety precaution for you and your child.

Our hope is that this will create a faster pick-up procedure for car riders, and improve student safety. We strongly feel this will better help us to know who students are going home with, where they are exiting the building, and ease the minds of parents and staff.

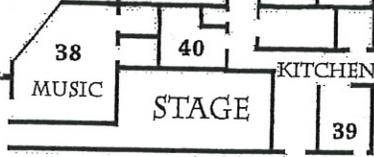

Attached you will find a map of the parent pick-up route. We will be sending the tags as soon as they are all made. We hope the parent pick-up line is more convenient for parents and one step closer in making our school as safe and secure as possible. Thank you for your support.
